

**Lika Productions “Does”:**

**Run Me Down**

Written & Performed by Dana Petric

*You’ll never look at a crosswalk the same way again.*

**Synopsis:**

A crosswalk, lots of cars and a chick in a chicken suit with delusional theories of love, revenge and world peace.

*Note: Fictionalization of actual events, but the license plates mentioned may be yours.*

Inspired by the frustrations of crossing the street, the character, Penelope, was created to release the bile built up in the writer’s psyche.

Did I mention it’s a comedy - sort of like “The 40 Year Old Virgin” meets “Falling Down” – sort of?
